

ISTSL, New Delhi

Based on the queries / feedback received from the applicants, the following clarifications / modifications are made in the Expression of Interest [EoI] dated 11/09/2025 for Empanelment of Energy Auditing Firms/Individual Energy Auditors/ Technical Consultants/ ESCOs/RESCOs for Conducting Energy Audits, Preparation of IGEA-based DPRs, Implementation of EE & RE Projects in MSMEs and Other Related Projects.

SN	Issue/Concern	Clarifications / modifications
1	Whether overseas experience can be considered for eligibility?	Yes
2	What is the Mode of Submission?	Only soft copies of the documents are accepted over mail. Hard-copies documents are not required.
3	Any person carrying out eligible activities on individual basis and subsequently set-up / join a Business Entity for carrying out the same activities. Whether such Business Entity can club the experience gained by its promoter / KMP as individual basis with the experience of his / her business entity to fulfil the eligibility criterion.	Yes, it can be clubbed provided documentary evidence are submitted to this effect.
4	One [A] Business merged with another newly formed entity [B]. Whether, the experience of Entity A could be considered for application submitted by B.	Yes, provided documentary evidence are submitted to this effect.
5	If Audited Financial Statements for Past three year is not available?	If the financial statements are not required / exempted to be audited, such entity can submit CA certified unaudited financial statements with copy of the ITRs. Further, for FY-2025, the applicant can submit CA certified unaudited financial statements, if the application is submitted before end of last date for finalisation of the accounts / filing of Returns.
6	If Proof of Project Completion/Acceptance is not available which other documents could be submitted in lieu of this?	The applicant may submit copy of work / Purchase Order together with proof of getting payment against such work order.
7	Experience required for no of Energy Efficiency [EE] projects implementations.	The experience for implementation of EE projects is not mandatory for empanelment of an Energy Auditor for energy auditing work. However, it would be required for getting assignment(s) for implementation of the EE projects.
